With continued gratitude, we’ve achieved much. Our CHEFS culinary training program trained 76 students last year, improving their employability with strong skill sets in food school completion preparation. Nearing its 20th year, our award-winning CHEFS culinary training school has trained over 1,000 graduates who have gone on to successful careers. CHEFS students have gained over $13 million in additional annual earnings by completing our program. CHEFS is a top provider of culinary training programs in the Bay Area.

And while we’ve come a long way, we’re not done. Last year, nearly 1,300 people called one of our streets of San Francisco. From our humble beginnings sheltering 40 adults nightly in the basement of the Episcopal Church on Divisadero, we now house over 2,000 individuals annually. Our permanent residency program has served over 300 people, helping them transition from temporary shelter to permanent housing. Our extensive range of services includes residential facilities, street outreach, permanent housing, and support for vulnerable populations. CHEFS is dedicated to providing the highest level of care and support to our clients.

We are proud of the work we’ve done and the impact we’ve made, but we know there is still so much more to be done. We are committed to continuing our mission of Building Community, Developing Skills, and Enriching Lives. Thank you for your support and for making a difference in the lives of those we serve.
Linda has real determination and has worked a wide variety of services, counseling, referrals, and has her blood sugar levels tested by the Senior Center’s support services at eleven on-site support services at eleven.

After shopping, she thought about the emotional support. We have already had financial support, conceptual support, and emotional support. We have been there for each other. The emotional support has been invaluable.

Barcus Community House, she cried tears of happiness. She finally was able to stay there. Every day, she exercises, eats lunch, and plays Bingo and cards, and gets to know her neighbors. It makes her very happy.

For years, she and her two children returned home only when they wanted to be there. Sometimes, she and her children would go to the Senior Center

Lorna and Felicia: "The Senior Center makes me happy."

Robert holds two jobs. In his weekday construction job, he does manual labor. He needs the money. In his weekend job, he works as a server at a local restaurant. He enjoys meeting people and making them feel welcome.

Supportive Housing & Senior Services

Supportive Housing

ECS's Canon Kip Senior Center

Robert "I'm not going to go backwards. Got to keep moving forward."

We support individuals and families experiencing homelessness to achieve and maintain stable housing, learn skills for independent living, and build connections to community resources. We provide temporary shelter, transitional housing, and permanent supportive housing to help individuals achieve and maintain stability.

Supportive Housing

ECS’s supportive housing at The Mentone, Robert gained the skills and support he needed to move forward. He took odd jobs, but eventually found himself homeless, moving between shelters and friends' homes. He knew he needed help.
